

"Eco-Building International Club for advanced European Sustainable Energy Technology Dissemination in Europe and China"
Contract No TREN/07/FP6EN/S07.72691/038496

Supporting Sustainable Energy Technologies Dissemination in Europe and China

–

The European Eco-Building Club project Contribution

French National Final Dissemination Meeting

POLLUTEC - Paris – France – 4th December 2009

9h00 – 9h30 *Participants welcome*

9h30 – 9h35 Opening: the Meeting objectives

Stéphane POUFFARY – Head of the International Expertise in Energy Management Unit , ADEME (French Environment and Energy Management Agency)

9h35 – 10h00 Introduction to the Workshop and Presentation of the Eco-Building Club project: Disseminating innovative energy technologies in the building sector

Ennio FERRERO – Eco-Building Club project coordinator, ENEA (Italian National Agency for New Technologies, Energy and Sustainable Economic Development)

10h00 – 10h15 The French R&D Building Strategy – Financing innovation in the building sector – ADEME's action

Stéphane POUFFARY & Anthony DUPONT – ADEME

10h15 – 10h30 Innovation Strategy towards Optimal and Renewable Thermal Comfort in buildings

Christophe MARILLET – Senior expert, CIAT

10h30 – 10h45 Innovative Photovoltaic Platform – Demonstration, Training and R&D

Nadine ADRA – Head of the Europe & International Department, Transénergie

10h45 – 11h00 *Coffee break*

11h00 – 11h15 Innovation in the Building Sector in China – The importance of encouraging technology transfers

HUANG Dongfang – International Projects Manager, ZERI (Zhejiang Energy Research Institute, China)

11h15 – 11h45 **French Eco-Building Highlighted Projects**

- Integration of Mid-temperature Concentrating Solar Thermal Collectors to an industrial building

Grégory LAURENS – HOLISUD Engineering consultants

- High energy performance for a highschool in Bourg-en-Bresse, France

Véronique RICHALET – Région Rhône-Alpes

11h45 – 12h00 ADEME International Club – Creating markets: a public-private partnership strategy

Laurent CAILLIEREZ – ADEME

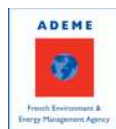

12h00 – 12h10 Synthetic presentation of the international “Eco-Building Club project Awards” winners

12h10 – 12h20 Celebration of the French “Eco-Building Club project Awards” and closing speech

Eco-Building Club Project Partners:

ENEA – Italy – Agenzia nazionale per le nuove tecnologie, l'energia e lo sviluppo economico sostenibile (Coordinator)

ADEME – France – Agence de l'Environnement et de la Maîtrise de l'Energie

ISNOVA – Italy – Istituto per la promozione dell'innovazione tecnologica

ZERI – China – Zhejiang Energy Research Institute

FINCO – Italy – Federazione Industrie Prodotti Impianti e Servizi per le Costruzioni

CBEEA – China – China Building Energy Efficiency Association

CRES – Greece – Centre for Renewable Energy Sources

SEC – Bulgaria – Sofia Energy Centre

EBHE – Greece – Greek Solar Industry Association

DTI – Denmark – Danish Technological Institute

GPREC – Greece – Greek Public Real Estate Corporation

DI – Denmark – Hovedorganisationen for Dansk Industry
